Summary

A highly-flexible Computer Engineer with an insatiable curiosity, love for technology, and a relentless urge to meet new people. I want to work on projects that elevate my strengths, teach me new skills, and help me become a better person.

Experience

Co-Founder at SK Learning Labs

July 2020 -

Data Science Virtual Intern at ANZ

June 2020 - June 2020

I attended a virtual internship program at ANZ Banking and gained experience in working with real data. Skills I sharpened:

-> Exploratory Data Analysis

-> Predictive Analytics

IBM Data Science Professional Certificate at IBM Data Science Professional Certificate

March 2020 - August 2020

I earned the IBM Data Science professional certificate, In which I learned 9 courses in Data Science.

Education

SILVER OAK UNIVERSITY

Bachelor of Engineering - BE, Computer Engineering, 2017 - 2021
